USCG Master 100 Ton (License Number 1100943) w/ Sail Endorsement

Over 35 years of piloting and ownership experience of power or sail craft. During this time I have completed numerous rebuilds, restorations and major refits of small craft with various rigging, electronics, and engine packages. I am also an ordained captain and have performed numerous shipboard wedding services.

At the age of eight I owned my first boat, since then I have owned 11 boats and currently own a small runabout, and a 1965 Pearson Triton 28. I continue to boat regularly in a variety of waterways in California.

USCG Captain: Professional Documented Sea Time

2005 to Present, Captain Commercial Passenger Vessels up to 100 tons on San Francisco bay, supervise crew and maintenance of all boats and manage Coast Guard safety inspections, perform routine safety seminars and training. Listed below are some of the companies that I work with.
